Recommendation Letter

With pleasure I would like to recommend Pawel Son Ngo. He worked as my personal manager from November 2011 to January 2013 and I am very glad with this cooperation.

Pawel was responsible for my day-to-day management. He had professional contact with clients and employers. As a very organised person he was very helpful in planning days with work.

Being personal manager Pawel was actively promoting my person and all my actions. He participated in upgrading official website and fanpage. His film education turned out additional advantage: he made promotional videoclips, backstage clips etc. Moreover Pawel and his artistic approach brought a lot into my career. Because of his professionalism and good taste Pawel can be trusted and can have a positive impact on both career and personal life.

To sum up, I am very happy that I could work with Pawel Son Ngo and I believe that this recommendation will be helpful for him in the future.

Sincerely,

Paulina Pola Brzostek
