RECOMMENDATION

for

Paweł Son Ngo

Director of Advertising Documentaries

With pleasure I am writing this recommendation letter for Paweł who worked with our company December 2012 – January 2013.

I am personally pleased of this cooperation during preproduction and realization of advertising documentaries. Paweł's experience as a film producer allowed him to take more duties in preparatory time – he could quickly organize extras and helped in managing locations.

Paweł is predisposed to work under time pressure what can be proven by number of video clips made for our agency and company's clients. Paweł also made professional contact with agency and crew. In addition to that he was flexible - without problems he could adapt producing and directing to requirements.

I hope this recommendation will be helpful in his future career.

Sincerely,

Łukasz Moczulski

RECOMMENDATION

for

Paweł Son Ngo

Director of Advertising Documentaries

Paweł Son Ngo during two months – December 2012 & January 2013 - cooperated with our agency as a freelance director. Even shortly, we are very pleased of this opportunity and I am thrilled to recommend his work.

In this time Paweł helped in changing company's image as a director of short documentaries of advertising campaigns. He worked for brands eg: Orange Poland, PKP Intercity, Ubisoft, Esprit, Nokia, AXA. I strongly believe that Paweł's marketing education had good influence on understanding briefs and client's needs.

Paweł is professional person who consider duties as a priority. In addition to that Paweł has open and creative mind which helped him to work quickly: preparing scripts and shooting.

We would like to more cooperate with Paweł but of course we support his plans and future career. This is the reason for writing recommendation letter.

Sincerely,

Marcin Wierzbicki

Business Director
